

BENTHAM OPEN

THE OPEN ATMOSPHERIC SCIENCE JOURNAL

The Open Atmospheric Science Journal is an Open Access online journal, which publishes reviews, research articles, letters and guest edited thematic issues in all areas of climate research and atmospheric science. The journal's coverage includes studies on atmospheric environmental issues. Topics include the following:

- Weather systems and prediction
- Climate dynamics and variability
- Satellite meteorology
- Remote sensing
- Air chemistry and air pollution
- Cloud microphysics and precipitation
- Severe weather and natural atmospheric hazards

The Open Atmospheric Science Journal a peer reviewed journal, is an important and reliable source of current information on developments in the field of atmospheric sciences. Emphasis is placed on publishing quality papers rapidly, and making them freely available to researchers worldwide.
